~~Mr. Bannerman~~ is Mr. Warfield [redacted]

The Office of Personnel has sent us the fifth and "final" list of employees to be considered for participation in the Agency Retirement Program. Of the thirty-eight cases reviewed, twenty-two do not qualify; sixteen do (there were originally thirty-seven names on the list. ~~Your name~~ Your name was added at the request of the Office of Personnel since the Office of Security did not make a recommendation when your name appeared on their first list).

Only four of the sixteen who qualify have five or more years of overseas service, but the remaining twelve clearly meet the criteria for participation considering their overseas service in relation to their total service with the Agency.

Recommend seventeen signatures.
